Dear All,

This month has been full of memorable events and achievements. We celebrated Utkal Diwas, marked by a Programme on Rooftop Gardening and observed Ram Navami, World Health Day, Foundation Day and Ambedkar Jayanti along with Maha Vishuba Sankranti. Each event reflected our commitment to culture, well-being and national pride.

Our Academic Review Meeting provided an opportunity for teachers to assess progress and plan ahead. Our success at the District Level Athletic Meet-2025 was a matter of praiseworthy.

Despite the heatwaves, we ensured uninterrupted learning with online classes, showcasing our adaptability. The collective effort of students, teachers, and parents continues to make our school a place of growth and excellence.

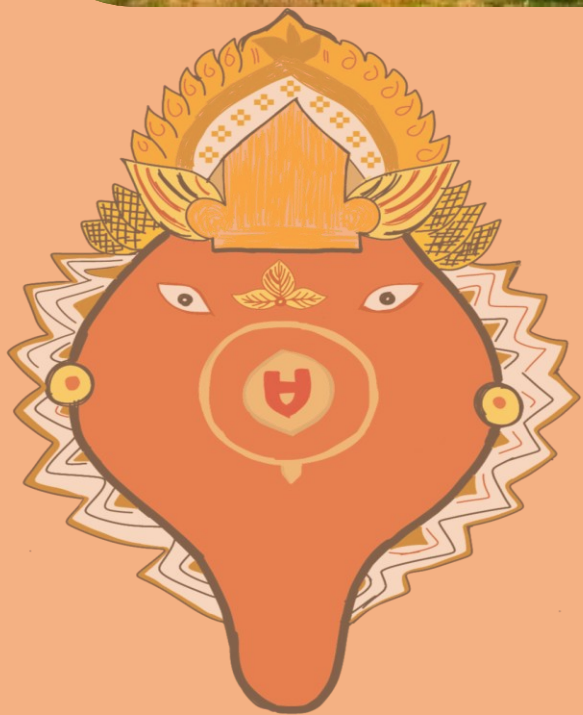

Warm Regards,
Principal
VFS, SBP

A Tribute to Odisha's Glorious Heritage

Our school celebrated Utkal Diwas with great enthusiasm and a deep sense of Odia pride on April 1st, 2025. The day commemorates the formation of the state of Odisha and honours the tireless efforts of the great leaders who made this possible.

The event began with melodious Odia songs sung by our loving children. It created an atmosphere of cultural reverence. This was followed by a lively dance performance that beautifully displayed the traditions and folk heritage of Odisha.

Both teachers and students delivered speeches highlighting the historical significance of Utkal Diwas and the legacy of Odisha's iconic figures. A special segment featured students dressed as eminent personalities like Gangadhar Meher, Gopabandhu Das, Madhusudan Das, Krushnachandra Gajapati Maharaj and Parvati Giri. They raised impactful slogans that reminded everyone of the courage and vision of these trailblazers.

The celebration served as a vibrant tribute to Odisha's cultural and historical legacy, leaving the students inspired to uphold and cherish their rich Odia identity.

Cool Roofs, Green Future

A special session on rooftop gardening was recently conducted at our school, graced by Dr. Srinivas, a renowned scientist from the Indian Council of Agricultural Research (ICAR). During the session, Dr. Srinivas highlighted the importance of rooftop gardening and encouraged students and teachers to adopt this eco-friendly practice. He explained how rooftop gardens not only promote greenery but also help in reducing the indoor temperature during the summer season. The interactive session inspired everyone to take small steps towards sustainable living through gardening on rooftops and open spaces.

A special session on rooftop gardening was recently conducted at our school, graced by Dr. Srinivas, a renowned scientist from the Indian Council of Agricultural Research (ICAR). During the session, Dr. Srinivas highlighted the importance of rooftop gardening and encouraged students and teachers to adopt this eco-friendly practice. He explained how rooftop gardens not only promote greenery but also help in reducing the indoor temperature during the summer season. The interactive session inspired everyone to take small steps towards sustainable living through gardening on rooftops and open spaces.

A Journey of Devotion: Honouring Lord Rama's Legacy

The auspicious occasion of Ramnavami was celebrated with great devotion and enthusiasm at our school. The programme began with a serene puja ceremony conducted by our respected Principal Ma'am, along with the teachers, invoking blessings for all. Students filled the atmosphere with devotion through soulful renditions of devotional songs and a vibrant dance performance depicting the life and virtues of Lord Rama. The highlight of the celebration was the recitation of the Hanuman Chalisa by a student, which created a spiritually uplifting ambience. The event beautifully reflected the spirit of faith, unity and cultural heritage.

Happy
Sri Rāma Navamī

Health is Wealth

Our school observed World Health Day with great enthusiasm, spreading awareness about the importance of good health and well-being. The programme commenced with a thought-provoking speech, emphasizing the significance of maintaining a healthy lifestyle. The highlight of the event was a captivating skit performed by the students, which beautifully conveyed the message of choosing nutritious, wholesome food over junk food. Through their engaging performance, the students inspired everyone to adopt healthy eating habits and prioritize their well-being. The event successfully instilled the value of health consciousness among all present.

Celebrating Our Roots

The Foundation Day of Vidya Vikash Group of Institutions was celebrated with great enthusiasm at the Vikash Concept School campus, Sason. Teachers from various branches of the institutions came together to participate and enjoy the special occasion. Our school teachers made significant contributions to the celebrations. The lady teachers mesmerized the audience with a vibrant Punjabi dance performance, while the gent teachers energized the atmosphere with a lively dance-song presentation. In addition, the lady teachers presented a melodious group song, and a heartfelt solo song was beautifully rendered by our music teacher. The event was a wonderful blend of talent, joy, and unity, reflecting the spirit and togetherness of the Vidya Vikash family.

Celebrating Legacy & Renewal: Ambedkar Jayanti & Pana Sankranti

This year, our school celebrated both Ambedkar Jayanti and Maha Visubha Sankranti on the same day, marking two significant occasions with enthusiasm and reverence. The celebrations began with a traditional puja, invoking blessings for prosperity and unity. A heartfelt speech was delivered by one of our teachers, highlighting the contributions of Dr. B.R. Ambedkar and his role in shaping a just and equitable society.

Simultaneously, Maha Visubha Sankranti, the beginning of the Odia New Year, was celebrated with much joy. A special feature of the day was the preparation of Pana, a traditional Odia drink, made by our teachers using a variety of fresh ingredients like mango pulp, coconut, black pepper, cardamom, and jaggery, symbolizing new beginnings and good health. The event beautifully intertwined cultural heritage and respect for social change, leaving everyone with a sense of pride and inspiration.

Reviewing Academic Progress

To ensure the continuous academic growth of the students, the Principal conducted the Monthly Academic Review Meeting with all the teachers. During the session, teachers discussed the progress of their respective classes, shared effective teaching strategies and addressed any academic challenges faced. The Principal emphasized the importance of regular assessments, innovative teaching methods and individual attention to students. She appreciated the teachers' efforts and encouraged them to continue striving for academic excellence. The meeting served as a platform for collaboration, reflection and planning for the coming month.

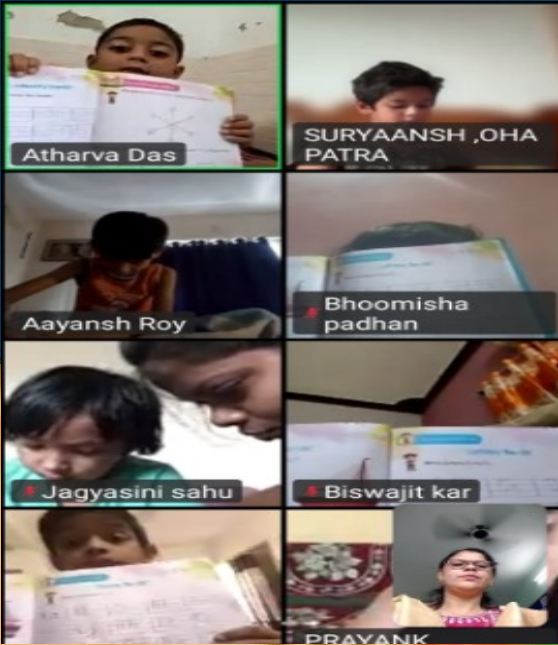

Throwing to Glory

The District Annual Athletic Meet – 2025 was held at Veer Surendra Sai Stadium, Sambalpur. It is a matter of great pride for all of us that Miss Jasmaan Kaur, a student of Class VIII Rose, brought laurels to our school by winning two bronze medals — one in shot put and the other in discus throw. Her achievement reflects the school's commitment to nurturing young talents and promoting excellence in sports.

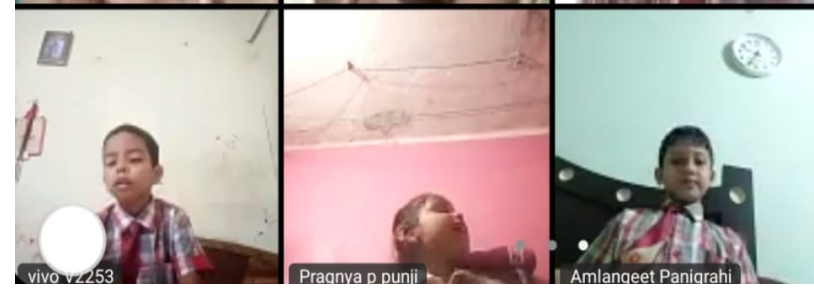

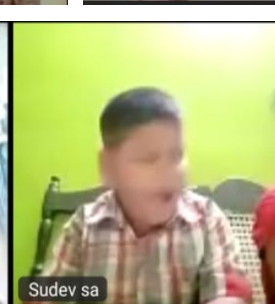

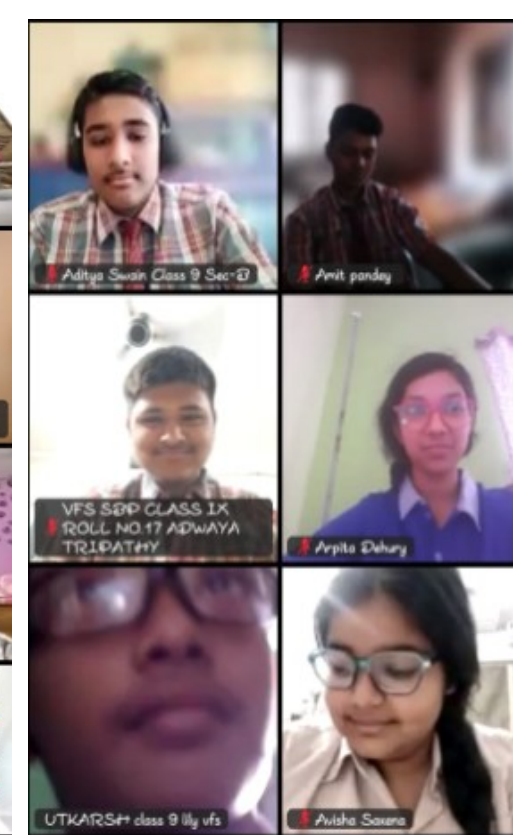

Heat Can't Halt Learning

In response to the government order to close schools due to extreme heat, our school promptly shifted to online classes to ensure uninterrupted learning. The transition allowed students to continue their academic progress safely from home. With the dedicated efforts of our teachers and the enthusiastic participation of students, the spirit of learning remained strong despite the challenges.
